Prem-I-Air Rechargeable Moisture Removal Dehumidifier - Twin Pack

This Rechargeable Moisture Removal Dehumidifier set is compact and easy to use. It is ideal for use in any small space such as cupboards, wardrobes and storage boxes and helps to reduce unwanted moisture that can be the cause of mildew and mould which can damage to both property and health. Featuring a status indicator for when it needs recharging the product can be used over and over again. Two units supplied in a picture box with mains lead.

Features:

- UK Mains Charge Cable Supplied
- Ideal for use in wardrobes, drawers etc.
- Portable and Compact
- Protects precious items from damp and mildew
