Luxform Lighting Solar Cheyenne Wall Light with PIR

This solar wall light is suitable for mounting next to front or back doors and near sheds, garages and carport etc. as functional lighting. This light features a PIR sensor with standby mode, meaning the light will illuminate when movement is detected, it also features an on/off switch. This high lumen solar light has a higher number of lumen relative to a normal solar light. Please remember that stainless steel is not a maintenance free product and that you need to clean the lights every 6 months to prevent discolouration.

Features:

- Garden Solar Wall Light
- With PIR Sensor
- Higher Number of Lumens Relative to a Normal Solar Light
