Luxform Lighting Solar Gap Wall Light with PIR

This solar wall light is suitable for mounting next to front or back doors and near sheds, garages and car-ports etc. as functional lighting. This light features a PIR sensor with standby mode, meaning the light will illuminate when movement is detected, it also features an on/off switch. This high lumen solar light has a higher number of lumens relative to a normal solar light. These lights are manufactured in UV resistant plastic.

Features:

- Garden Solar Wall Light
- With PIR Sensor
- Higher Number of Lumens Relative to a Normal Solar Light
