## Luxform Lighting Buenos Aires Solar Security Wall Light with PIR in Black

This solar security light is suitable for mounting next to front or back doors and near sheds, garages and carports etc. as functional lighting. The light features a PIR sensor which means that it switches on when movement is detected and will go off after a fixed period, there is also an on/off switch. This high lumen solar light has a higher number of lumens relative to a normal solar light. This ecologically friendly solar light requires no household current to operate, energy is gathered directly from the sun. This light is therefore particularly suitable for use in remote areas and provides sufficient light to mark entrances, walkways & steps etc. These lights are manufactured from UV resistant plastic.

**Features:**

- Solar Garden Security Light
- PIR Sensor
- Higher Number of Lumens Relative to a Normal Solar Light
- In Black

**PRODUCT SPECIFICATIONS**

Depth (mm).....	250
Height (mm).....	260
Width (mm).....	190
Product Dimensions (mm).....	260x190x250
Net weight (kg).....	1.304
Colour Rendering Index.....	White
Lumen Output.....	500
Batteries.....	1x Batt.Pack Ni-MH 6V
LED Type.....	Ultra Bright White
Material.....	Plastic
IP Rating.....	44
Item Priced Per.....	1
