Luxform Lighting Anney Solar Garden Spike in Stainless Steel

This solar light is ideal for the illumination of walkways and darkened areas at night, perfect for marking along driveways, garden paths, terraces and porches etc. The light features an on/off switch with back-up battery, this ensures that the light is visible for a guaranteed 6 hours every night. Can be used in both summer and winter, a ground spike is provided so that the light can be easily placed into soil. Utilising softtone and colour changing RGB-LED. This high lumen solar light has a higher number of lumens relative to a normal solar light. Please remember that stainless steel is not a maintenance free product and that you need to clean the lights every 6 months to prevent discolouration.

LUXFORM
LIGHTING
