Luxform Lighting Saint Étienne Solar Garden Spike in Stainless Steel

This garden spike light is ideal for atmospheric illuminating of walkways and darkened areas at night, it will mark along driveways, garden paths, terraces and porches. The light features an on/off switch and a ground spike so that it can be easily placed into the soil. This High Lumen Solar light has a higher number of lumens relative to a normal solar light. Please remember that stainless steel is not a maintenance free product and that you will need to clean the light every 6 months to prevent discolouration.

Features:

- Solar Garden Spike Light
- Higher Number of Lumens Relative to a Normal Solar Light
- Finished in Stainless Steel
