Luxform Lighting Calais Solar Wall Light in Stainless Steel

This wall light is suitable for mounting next to front or back doors and near sheds, garages and carports etc. as functional lighting. This light features a PIR sensor with standby mode, which ensures that it will be switched on when movement is detected and will go off after a fixed period, there is also an on/off switch. This high lumen solar light has a higher number of lumens relative to a normal solar light. Please remember that stainless steel is not a maintenance free product and that you need to clean the lights every 6 months to prevent discolouration.

Features:

- Solar Garden Wall Light
- Higher Number of Lumens Relative to a Normal Solar Light
- Supplied in Stainless Steel
- With PIR Sensor

PRODUCT SPECIFICATIONS

Depth (mm).....	182
Height (mm).....	200
Width (mm).....	230
Product Dimensions (mm).....	200x230x182
