## Luxform Lighting Calais Solar Post Light in Stainless Steel

This light is suitable for the illumination of walkways and darkened areas at night, it is ideal for marking along driveways, garden paths, terraces and porches. This light features an on/off switch and a dusk/dawn sensor which ensures the light will be switched on at dusk and will automatically shut off at dawn. A ground spike is supplied so that the light can be easily placed into soil. This high lumen solar light has a higher number of lumens relative to a normal solar light. Please remember that stainless steel is not a maintenance free product and that you need to clean the lights every 6 months to prevent discolouration.

**Features:**

- Solar Garden Post Light
- Higher Number of Lumens Relative to a Normal Solar Light
- Supplied in Stainless Steel
- With Dusk/Dawn Sensor

### PRODUCT SPECIFICATIONS

Depth (mm).....	180
Height (mm).....	480 (above ground)
