Luxform Lighting 12v Thalos Build in Lights - Pack of 3

These deck lights are suitable for building into decking, paving, walkways or steps and they will mark along driveways, garden paths, terraces and porches. These lights are supplied with a ground spike so that they can be easily placed into soil. This starter kit contains 3 lights, a 10 metre mains cable, cable connectors and a transformer with extra capacity onto which you can add extra lights. These lights work on the flexible Luxform 'Easy Twist' 12V connection system, which is safe for children and animals. Everyone can create an atmospheric garden with these simple lights. Please remember that stainless steel is not a maintenance free product and that you need to clean the lights every 6 months to prevent discolouration.

Features:

- Build Into Decking and Paving etc
- 'Easy Twist' 12V connection system
- Finished in Stainless Steel
