Luxform Lighting Eden 230V Wall Light in Stainless Steel with PIR Sensor

This wall light is suitable for mounting next to front or back doors and near to sheds, garages and carports etc. as a functional light. This light features a PIR sensor, allowing the light to illuminate when movement is detected. This light works on 240V. Before installing this product, always make sure you turn off the electricity using the mains switch! Please remember that stainless steel is not a maintenance free product and that you need to clean the lights every 6 months to prevent discolouration.
