Luxform Lighting Juneau Solar Garden Spike Light in Stainless Steel

This solar spike light is suitable for atmospheric illuminating of walkways and darkened areas at night, it will mark along driveways, garden paths, terraces and porches. This light features a dusk/dawn sensor which ensures the light switches on at dusk and automatically shuts off at dawn. A ground spike is provided so that the light can be placed into the soil. This ecologically friendly solar light requires no household current but gathers energy directly from the sun. It is therefore particularly suitable for use in remote areas and provides sufficient light to mark entrances and accent walkways and steps. Please remember that stainless steel is not a maintenance free product and that you need to clean the lights every 6 months to prevent discolouration.

LUXFORM
LIGHTING

Features:

- Solar Garden Spike Light
- Finished in Anthracite
- Ground Spike Provided

PRODUCT SPECIFICATIONS

Depth (mm)	150
Height (mm)	460
Width (mm)	150
Product Dimensions (mm)	460x150x150
Net weight (kg)	0.42
Batteries	1x NimH AA 500 mAh 1,2VV
IP Rating	44
Colour Rendering Index	Warm White
Colour	Anthracite
Material	Stainless Steel
Item Priced Per	1

Product Code: LF0772

Barcode: 8719099390061
