PRODUCT SAFETY Installation Advice

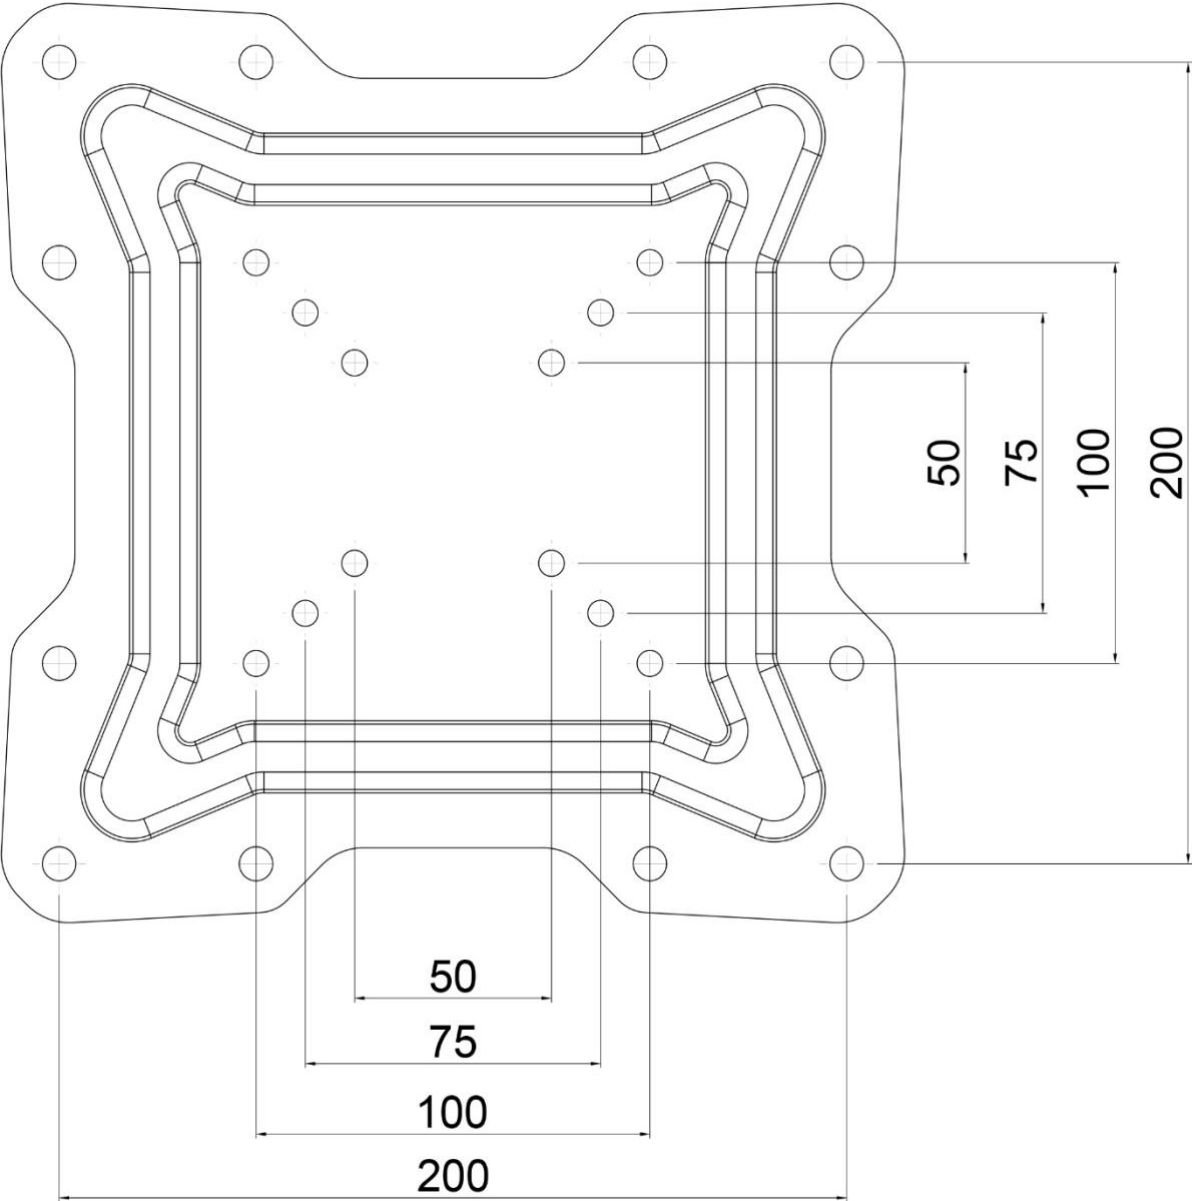

- 1) The installation of this product should only be undertaken by a capable and competent person.
- 2) Inspect the TV wall bracket you will be fitting this unit too carefully for any damage.
- 3) Make sure the wall bracket is secure to the wall and can cope with the extra weight of the bracket and the TV when fitted. The maximum load capacity of this adaptor plate is 35Kg. Therefor the maximum load of the whole TV bracket is either reduced to this load or if the bracket has a smaller load then to this value.
- 4) After fitting the adaptor and the TV together make sure that all the screws are tight and secure. The unit should be periodically inspected for damage and to make the screws are tight.
