Washington Shower Cradle

The Washington Cradle is designed to enable a client to be showered in a reclined position with hips and legs flexed. Safe, comfortable bathing for those with degenerative or severe physical conditions. Designed for users with Multiple Sclerosis, Cerebral Palsy, Motor neurone Disease, Brittle Bone, clients with fixed hips, legs or contractures and many other groups with severe disabilities, unpredictable movements and rapidly deteriorating body conditions. Adjustable to three positions to suit individual requirements. Small, medium and large size options

Features:

- Safe, comfortable bathing for those with degenerative or severe physical conditions
- Avoids the need for a special shower chair to suit the users condition
- Adjustable to three positions to suit individual requirements
- Small, medium and large size options
- Removable and washable cover to maintain hygiene levels
- The fabric is adjustable to create a hammock effect for added safety
- Special shower cradles can be made to order
- Waist strap option
- Maximum load 130kgs (20 stone) (280lbs)
- Stainless steel frame
