Pill Puncher

The Pill Puncher is the easy way to remove pills and tablets from blister packs. Simply place the pack in position and push the popper arm down, the pill is punched out and falls into the container beneath. The released tablets can then be tipped out from the container. An ideal product for those with limited dexterity or the use of only one hand.

Features:

- Easy way to remove pills from blister packaging
- Ideal for those with limited dexterity or the use of only one hand
- Compact size will slip into a pocket or bag easily
- Ideal for travel and home use
- Strong ABS plastic for durability
