

GH345

32" Folding Household Grabber

BEFORE USE

Carefully remove all packaging. Check the product for any visible damage. If you see any damage or suspect a fault, do not use your product, but contact your supplier for support.

INTENDED USE

The grabber is designed to assist in reaching and lifting items from the floor, table or shelf. It can also be used in some situations as a dressing aid; although we would stress caution is necessary when using the reacher with tights or stockings due to the fine nature of the material of these garments.

INSTRUCTIONS FOR USE

To unfold the grabber, firmly grip the trigger handle and slide the black collar towards you. The grabber can now be folded in half for storage. To extend the grabber, grip the trigger handle, straighten the front part of the grabber and slide the black collar away from you to lock it into place.

Place the suction cups on either side of the object you wish to lift and squeeze the trigger. Ensure the moving arms of the grabber are properly secured round the object and lift. Place the object you have lifted safely onto a flat and level surface and release the trigger.

Do not attempt to lift items exceeding 2kg in weight with the grabber. Doing so can cause injury or damage.

Do not under any circumstances attempt to use the grabber to lift or move hot objects, this could lead to serious injury.

Always assess the suitability of an item before picking it up; do not attempt to carry heavy or fragile items with your grabber.

SERVICE WARRANTY

Electrovision guarantees the product free from defects in materials and workmanship for a period of one year. Should this device be operated under conditions other than those recommended then the warranty will be rendered void. The product you buy may sometimes differ slightly from illustrations. This warranty is in addition to, and does not affect, your statutory rights. If you have any problems with this product, please call our Help Desk on (0845) 459 4816, between 8.30 am and 1 pm, Monday to Friday
