

## **CAUTION!**

**It is ESSENTIAL that a risk assessment is carried out by a competent person as to the safety and suitability of the particular ramp for a specific user.**

**N.B. This equipment must be installed by a competent person.**

### **INTRODUCTION**

Thank you for purchasing the Aidapt Rubber Kerb Ramp. The Aidapt Rubber Kerb Ramps are a cost effective and convenient way to allow vehicles and trolleys to mount kerbs easily.

### **USING YOUR RAMP**

- The ramp should be positioned flush against the threshold on the interior or exterior.
- Select the right ramp size and height to suit the location.
- Ensure the gradient of the ramps is not beyond the ability of the wheelchair or occupant.
- Ensure the ramp is safe before use.

### **MAINTENANCE & SAFETY**

- This product is only to be used for its designated purpose and is intended for outdoor use only.
- Do not carry out any modifications to this product.
- When lifting a ramp, make sure you do so correctly to avoid injury as each ramp weighs from 5kg - 12.85kg.
- Ensure that the ramps are positioned on a firm flat ground before attempting to use.
- Keep your ramp clean of any dirt or debris.
- Always use the ramp in line with your wheelchairs/scooter manufacturer's guidelines.
- Only clean your ramp with mild detergent.
