

# P161

## Battery Operated Wireless Doorbell

**IMPORTANT**

**Installers and Users please note:**

These instructions should be read carefully and left with the user of the product for future reference.

**PRODUCT SAFETY**

- This device is not a toy, children shall not play with the device
- Do not use for anything other than its intended use

**BEFORE USE**

You must inspect the product for any signs of damage. If the product is damaged, DO NOT use it, and contact your supplier immediately.

**OPERATION**

1. The doorbell is supplied with a 23A battery, already inserted.
2. Remove the backing from the self adhesive pad on the rear of the doorbell, and attach to the door frame, at the desired height.
3. Remove the battery cover from the rear of the receiver.
4. Insert 2 x AA batteries (not supplied) into the battery compartment, taking care to observe the polarity.
5. Replace the battery cover on the back of the receiver.
6. The receiver can be placed anywhere in the home, within 100 metres of the doorbell. You can also mount the receiver to a wall, using a suitable screw (not supplied) and the keyslot in the rear of the unit, if you require a more permanent installation.
7. To change the melody, press the button on the rear repeatedly to cycle through the melodies

**DISPOSAL AND RECYCLING**

You must not dispose of this appliance with domestic household waste. Most local authorities have specific collection system for appliances and disposal is free of charge to the end-user. When replacing an existing appliance with a similar new appliance your retailer may take the old appliance for disposal.

**CLEANING**

- Use a dry, soft cloth only to clean the unit
- Do not use detergents or abrasive cleaners
