

Anti-fall Barrier PU Foam

VG888

Fixing and Maintenance Instructions

INTRODUCTION!

Thank you for purchasing the Anti-fall Barrier PU Foam.

Please examine your product for any visible damage before using/installing. If you see any damage or suspect a fault, please do not use, but contact your supplier.!

BEFORE USE

Remove from packaging, unroll and allow the foam to return to its full shape. This may take 2 hours.

Please note all new materials have their own particular smell, which will gradually disappear.

ASSEMBLY AND OPERATING INSTRUCTIONS

Place the barrier as required on the edge of your mattress under deep fitted sheets. The anti skid silicone beaded material ensures the barrier stays in place.

1. Water resistant cover with silicone beaded fabric.
2. Must be used with deep fitted sheets.
3. Suitable for use on all bed sizes - Single, Double, King, Super King, Queen.
4. Simple to fit between the mattress and fitted sheet.
5. Removable cover is machine washable up to 60°C
6. DO NOT use bleach to clean the product, drip dry and do not iron.

WARNING:

It is recommended that a risk assessment be undertaken as to the suitability of the barrier for each individual user or if used with any bed rails or other equipment.
